Subject: Label Amendment – Adding Emerging Viral Pathogen Claims
Product Name: Dagwood
EPA Registration Number: 67619-25
Application Date: September 30, 2016
Decision Number: 522354

Dear Ms. Lawson:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

Because you have opted to add statements pertaining to emerging viral pathogens to your label as described in the [August 19, 2016, Guidance To Registrants: Process For Making Claims Against Emerging Viral Pathogens Not On EPA-Registered Disinfectant Labels \(“Guidance”\), \[https://www.epa.gov/sites/production/files/2016-09/documents/emerging_viral_pathogen_program_guidance_final_8_19_16_001_0.pdf\]\(https://www.epa.gov/sites/production/files/2016-09/documents/emerging_viral_pathogen_program_guidance_final_8_19_16_001_0.pdf\)](https://www.epa.gov/sites/production/files/2016-09/documents/emerging_viral_pathogen_program_guidance_final_8_19_16_001_0.pdf), you are subject to the following additional terms of registration:

1. You may make statements pertaining to emerging viral pathogens only through the following communications outlets: technical literature distributed exclusively to health care facilities, physicians, nurses and public health officials, "1-800" consumer information services, social media sites and company websites (non-label related). These statements shall not appear on marketed (final print) product labels.
2. Your statements pertaining to emerging viral pathogens must adhere to the format approved on the Agency-accepted master label.
3. You may make statements pertaining to emerging viral pathogens only upon a disease outbreak that meets all the following criteria:
 - a. The causative organism must be a virus that causes an infectious disease that has appeared in a human or animal population in the U.S. for the first time, or that may have existed previously but is rapidly increasing in incidence or geographic range.
 - i. For human disease, the outbreak is listed in one of the following Centers for Disease Control (CDC) publications:

- A. CDC Current Outbreak List for “U.S. Based Outbreaks” (www.cdc.gov/outbreaks),
 - B. CDC Current Outbreak List for “Outbreaks Affecting International Travelers” with an “Alert” or “Advisory” classification (www.cdc.gov/outbreaks) (also released through the CDC’s Health Alert Network (HAN) notification process)
 - C. Healthcare-Associated Infections (HAIs) Outbreaks and Patient Notifications page (www.cdc.gov/hai/outbreaks)
- ii. For animal disease, the outbreak is identified as an infectious disease outbreak in animals within the U.S. on the World Organization for Animal Health (OIE) Weekly Disease Information page (www.oie.int/wahis_2/public/wahid.php/Diseaseinformation/WI).
- b. The CDC or OIE has identified the taxonomy, including the viral family and/or species, of the pathogen and provides notice to the public of the identity of the emerging virus that is responsible for an infectious disease outbreak. Based on the taxonomy of the outbreak pathogen identified by the CDC or OEI, the pathogen's viral subgroup is [small non-enveloped, large non-enveloped, enveloped].
 - c. The virus can be transmitted via environmental surfaces (non-vector transmission), and environmental surface disinfection has been recommended by the CDC, OIE or EPA to control the spread of the pathogen.
4. You may begin communicating statements pertaining to emerging viral pathogens only upon CDC or OIE’s publication per term B.3.a. of an outbreak of an emerging viral pathogen meeting all of the criteria of term B.3. You must cease and remove all such non-label communications intended for consumers no later than 24 months after the original publication of the outbreak per term B.3.a., unless the Agency issue written guidance to the contrary due to continued public health concerns. The emerging pathogen claim language may remain on the master label.
5. Terms B.1 through B.4 above shall become immediately void and ineffective if registration for use against [identify label viruses] is suspended or cancelled or no longer meets the criteria for a disinfectant claim (see EPA Product Performance Test Guideline 810.2200). In addition, terms B.1 through B.4 above shall become immediately void and ineffective upon your receipt of evidence of ineffectiveness against any pathogen in a less-resistant Spaulding category.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Terria Northern by phone at 703-347-0265, or via email at northern.terria@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "John Hebert" with a stylized flourish at the end.

Other Ingredients: 98.6%

Total: 100.0%

ACCEPTED

Feb 21, 2017

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under

EPA Reg. No. 67619-25

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call the poison control center at 1-800-222-1222 or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

For labels with veterinary uses

ENVIRONMENTAL HAZARD: This pesticide is toxic to birds, fish, and aquatic invertebrates. Caution should be used when applying indoors because pets may be at risk.

For canisters, buckets, To Go packages, flatpacks, softpacks, or transport packs not intended to be refilled by the consumer

STORAGE AND DISPOSAL: Store this product in a cool [dry] area, [away from direct sunlight and heat] to avoid deterioration. Dispose of wipe in trash after use. Do not flush. Nonrefillable container. Do not reuse or refill empty container. [Triple rinse promptly, then] Recycle empty container or discard in trash.

For canisters, buckets, To Go packages, flatpacks, softpacks, or transport packs intended to be refilled by the consumer

STORAGE AND DISPOSAL: Store this product in a cool [dry] area, [away from direct sunlight and heat] to avoid deterioration. Dispose of wipe in trash after use. Do not flush. Do not reuse or refill except as described in the directions for use. Refill only with this product. [Triple rinse promptly, then] Recycle empty container or discard in trash.

For single count pouch

STORAGE AND DISPOSAL: Dispose of wipe in trash after use. Do not flush. Recycle empty pouch -or- wrapper -or- bag or discard in trash.

Packaging Related Statements
Appropriate language will be selected from this list, depending on packaging.

For canister and bucket:

Dispenser Directions: Remove lid [and discard seal]. Insert corner of center sheet through flap opening on lid. DO NOT push finger through opening. Replace lid and pull wipe at an angle. The next sheet pops up automatically. When finished, close [lid] [flap] to retain moisture.

-or-

To Open Package: [Open [lid] [flap] and] pull out wipe [at an angle] from center of roll. [The] next sheet pops up automatically. [When finished] close [lid] [flap] to retain moisture.

-or-

Dispensing Directions: Starter Kit - [Pull down ribbed tab and lift up to] Remove lid from bucket [canister]. [Use scissors] [to] [Cut] [Rip] [Tear] [Pull] [Open] refill pouch. [DO NOT remove wipe roll from pouch]. Insert corner of center sheet through flap opening on lid. DO NOT push finger through opening. Replace lid and pull wipe [towel] at an angle. The next [sheet] [wipe] [towel] pops up automatically. When finished, close [lid] [flap] to retain moisture.

-or-

Refill [Pouch]: [[Look for] Product expiration date on back of refill pouch.] [Place] [Put] [Insert] refill [pouch] into bucket [canister]. [Use scissors] [to] [Cut] [Rip] [Tear] [Pull] [Open] refill pouch. DO NOT remove wipe roll from refill pouch. Insert corner of center sheet through flap opening on lid. DO NOT push finger through opening. Replace lid and pull wipe [towel] at an angle. The next [sheet] [wipe] [towel] pops up automatically. When finished, close [lid] [flap] to retain moisture. Discard wipe after use. To prevent cross contamination do not reuse wipe. If bucket becomes contaminated [or] [damaged] replace immediately. Replace bucket immediately if tabs below [lid] [flap] become damaged.

For Foldout Label:

Peel [here] [for] [additional] [directions]

For To Go package:

To Open Package: Flip -or- Pull open dispensing flap. Insert -or- Pull first wipe through opening in pouch. When finished, [snap] close [tightly] [to retain moisture] [to keep wipes moist] [to keep wipes from drying out].

-or-

To Open Package: Flip -or- Pull open dispensing flap. Open pouch by peeling back [film] [inner seal]. Pull first wipe by grabbing center of wipe. When finished, [snap] close [tightly] [to retain moisture] [to keep wipes moist] [to keep wipes from drying out].

For Flatpack, transport pack or softpack:

To Open Package:

1. Open [click-lock] [closure] and peel back -or- remove seal.
2. Pull out wipe [, use as directed].
3. [When finished,] [firmly] close [click-lock] [closure] to retain moisture. [A "snap" should be heard, indicating that it is properly closed.]

For single count pouch

To Open Package: Tear open packet. Unfold and use as directed. Discard after single use.

SUPPLEMENTAL GRAPHICS/LOGOS/SYMBOLS

The following graphics/symbols/logos are optional and may be placed anywhere on the product label, container, package, etc.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Always refer to manufacturer's care instructions before using on equipment -or- devices.] Not for cleaning or sanitizing skin. Do not use as a diaper wipe or for personal cleansing. For surfaces that may come in contact with food, a potable water rinse is required^μ. Do not use on glassware, utensils or dishes.

CLEANING AND GENERAL USE

DIRECTIONS FOR USE:

General [Kitchen/Bathroom] Cleaning: [Remove cooking ingredients and cooked food from areas to be cleaned.] Directly apply this product -or- **product name** to completely wet surface and wipe clean. No rinsing needed. Repeat for heavily soiled areas. For stubborn stains or heavily soiled areas or tougher jobs, allow product to penetrate [dirt] before wiping.

To Clean/Remove Soap Scum: Directly apply this product -or- **product name** to completely wet surface and wipe clean. No rinsing necessary. Repeat for heavily soiled areas. For stubborn stains or heavily soiled areas or tougher jobs, allow product to penetrate [dirt -and/ or- soap scum] before wiping. For best results, use regularly to prevent dirt and soap scum build up.

To Clean [Nonporous] Surfaces: Directly apply this product -or- **product name** to completely wet surface and wipe clean. No rinsing needed. Repeat for heavily soiled areas. For stubborn stains or heavily soiled areas or tougher jobs, allow product to penetrate [dirt] before wiping.

DEODORIZATION

To Deodorize: Wipe surface until completely wet. -or- Apply [this product -or- **product name**] to completely wet all surfaces. Let stand for [contact time listed [below] [or] [on label]] [to kill odor causing [bacteria] [microorganisms] [organisms]]. [Rinse and] let air dry. For heavily soiled areas, a precleaning is required. [If streaking is observed, wipe with a clean, damp [cloth or] [microfiber cloth or] [paper towel].]

Now[!] -and/or- New[!] -and/&/or- Improved[!] to be used as a claim descriptor only for the first 6 months of product on shelf

Claims:

- Deodorizer [for Institutional Use]
- Deodorizes
- Deodorizes food odors [like garlic and onion] [left behind on kitchen surfaces] [after cooking]
- Deodorizes odors caused by bacteria -or- [and non-fresh foods]
- Kills odor causing bacteria in the kitchen -or- bathroom
- No harsh chemical fumes -and/or- smell
- No [harsh] alcohol smell
- Pleasant odor
- Removes odors
- This product -or- **product name** will deodorize hard, nonporous surfaces [**insert surface(s) from Tables 1-6** in **use site(s) from Tables A-F**] [where obnoxious odors may develop]
- This product -or- **product name** will deodorize surfaces in **insert surface(s) from Tables 1-6** and other places bacteria growth can cause malodors
- This product -or- **product name** deodorizes areas that are hard to keep fresh smelling, such as **insert use site(s) from Tables A-F** [, and other areas prone to odors caused by microorganisms]

ALLERGEN DESTRUCTION

To [clean and] destroy specified allergens: Wipe surface. Use enough wipes for treated surfaces to remain visibly wet for 1 min[ute]. [Rinse.] Let air dry. [If streaking is observed, wipe with a clean, damp [cloth or] [microfiber cloth or] [paper towel].]

Allergens:

- Cockroach matter -or- particles
- Dust mite matter -or- particles
- Pet dander -or- dog and cat dander

Now[!] -and/or- New[!] -and/&/or- Improved[!] to be used as a claim descriptor only for the first 6 months of product on shelf

Claims:

- Breaks Down Allergens[!]
- Destroys [Eliminates] Allergens[!]
- Destroys -or- deactivates dust mite matter -or- particles, cockroach matter -or- particles, and pet dander allergens [found in dust]
- [Penetrates and] breaks down dust mite matter -or- particles, cockroach matter -or- particles, and pet dander allergens [found in dust]
- Reduces dust mite matter -or- particles, cockroach matter -or- particles, and pet dander allergens [found in dust]
- Reduces Allergens[!]
- This product -or- **product name** kills germs and destroys allergens while cleaning hard, nonporous surfaces.

BRAND

Now[!] -and/or- New[!] -and/&/or- Improved[!] to be used as a claim descriptor only for the first 6 months of product on shelf

Claims:

- From Clorox, with [more than] 100 years experience
- It's from Clorox®, it's more than clean
- [More than] 100 years of disinfection history

DIRECTIONS FOR USE Continued

The following statement only to be used on institutional labels with medical use sites, medical devices and/or bloodborne pathogens:

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream, or normally sterile areas of the body, or (2) contacts intact mucous membranes, but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

Special Instructions for Use Against HIV-1, HBV, and HCV

This product kills HIV-1, HBV and HCV on precleaned hard, nonporous surfaces/objects previously soiled with blood/body fluids in health care settings [(hospitals, nursing homes)] or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus (HIV-1) (associated with AIDS), Human Hepatitis B [(Virus)] (HBV) and Human Hepatitis C [(Virus)] (HCV).

Special instructions for using this product to clean and decontaminate against HIV-1, HBV and HCV on surfaces/objects soiled with blood/body fluids: Personal Protection: When handling items soiled with blood or body fluids, use disposable impervious gloves, gowns, masks and eye coverings. **Cleaning Procedure:** Blood and other body fluids must be thoroughly cleaned from surfaces and other objects before applying this product. **Contact Time:** Allow surface to remain wet for HBV, HCV and HIV-1 [for] 30 sec[onds]. The contact times for other bacteria, viruses, and fungi may differ. See product label for contact times. **Disposal of Infectious Materials:** Use disposable impervious gloves, gowns, masks and eye coverings. Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.

To disinfect food processing premises: walls and storage areas, wipe surface until completely wet. Allow this product -or- **product name** to penetrate and remain wet for [contact time listed [below] [or] [on label]]. Thoroughly rinse all surfaces in the area with potable water and let air dry. Heavily soiled areas must be precleaned before using this product. Food products and packaging materials must be removed or carefully protected prior to using this product.

Animal housing facilities [and poultry and swine premises]: This product -or- **product name** removes dirt, grime, fungus, mold, blood, urine, fecal matter and other common soils found in animal housing facilities, grooming facilities, kennels, pet stores, veterinary clinics, laboratories or other small animal facilities. It [also] eliminates odors leaving surfaces smelling clean and fresh.

It cleans, disinfects and deodorizes hard, nonporous inanimate surfaces in one step. Its non-abrasive formula is designed for use on -or- [Use daily on] [Use daily to clean and disinfect] hard, nonporous inanimate surfaces: plated or stainless steel, chrome, glazed porcelain, glazed tile, laminated surfaces associated with walls, countertops, cages, crates, kennels, and animal equipment found in animal housing facilities.

Disinfection of animal quarters and kennels: For disinfection of precleaned animal quarters and kennels, apply this product -or- **product name**. Remove all animals and feed from premises. Remove all litter and droppings from walls and surfaces of facilities occupied or traversed by animals. Empty all troughs, racks, and other feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Wipe surface until completely wet. Let stand for [contact time listed [below] [or] [on label]]. To kill TB, let stand [for] 5 min[utes] at room temperature. [To kill mold and fungi, let stand [for] 5 min[utes] [at room temperature].] Ventilate building and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set or dried. All treated equipment that will contact feed or drinking water must be scrubbed with soap or detergent and rinsed with potable water before reuse.

To Clean and Disinfect in a Veterinary Application: Use to clean and disinfect hard, nonporous surfaces such as feeding and watering equipment, cages, utensils, instruments, kennels, stables, catteries, etc. Remove all animals and feed from premises, animal transportation vehicles, crates, etc. Remove all litter, droppings, and manure from walls, and surfaces of facilities occupied or traversed by animals. Empty all feeding and watering equipment. Preclean all surfaces with soap or detergent and rinse with water. Wipe surface until completely wet. Let stand for [contact time listed [below] [or] [on label]]. To kill TB, let stand [for] 5 min[utes] at room temperature. [To kill mold and fungi, let stand [for] 5 min[utes] [at room temperature].] Ventilate buildings and other closed spaces. Do not house animals or employ equipment until treated surfaces have been thoroughly rinsed with water and allowed to dry. Thoroughly scrub all treating, feeding, and watering appliances with soap or detergent, and rinse with potable water before re-use.

DIRECTIONS FOR USE

Hospitals/Healthcare facilities:

This product -or- ***product name*** cleans, disinfects and deodorizes hard, nonporous [hospital] [medical] surfaces in one step [with no rinsing required].

When used as directed, this product -or- ***product name*** [contains [1.4%] [14,000 ppm] of active germicide making it] [is] effective against bacteria, viruses† and fungi on hard, nonporous surfaces.

This product -or- ***product name*** is a one step [hospital-use] germicidal [disinfectant] cleaner and deodorant [odor counteractant] [odor neutralizer] designed for general cleaning, [and] disinfecting [deodorizing] [of] hard, nonporous inanimate surfaces. Removes dirt, grime, fungus, mold, food residue, blood and other organic matter commonly found in hospitals [in health care facilities] [on medical surfaces]. It [also] eliminates odors leaving [restroom] surfaces smelling clean and fresh. Use where odors are a problem.

This product -or- ***product name*** is a ready to use [broad spectrum] [germicidal] [disinfectant] cleaner and deodorizer designed for general cleaning [and] disinfecting [deodorizing] [of] hard, nonporous surfaces. Removes dirt, grime, mold, food residue, blood and other organic matter commonly found in hospitals [in healthcare facilities] [on medical surfaces].

DISINFECTION

To [Clean] [,] [and] Disinfect [and Deodorize] Hard, Nonporous Surfaces: Wipe surface until completely wet. Allow this product -or- **product name** to [penetrate and] remain wet for [contact time listed [below] [or] [on label]]. [Rinse and] Let air dry. For heavily soiled areas, a precleaning is required. [If streaking is observed, wipe with a clean, damp [cloth or] [microfiber cloth or] [paper towel]].

Now[!] -and/or- New[!] -and/&- Improved[!] to be used as a claim descriptor only for the first 6 months of product on shelf

Claims (can be located anywhere on the label):

- Antibacterial
- Bacteria/virus[‡]/germ fighting formula
- Bactericide -or- Bactericidal
- Broad spectrum [cleaner] disinfectant [cleaner]
- Can help reduce the risk of cross contamination on hard nonporous surfaces
- Clean -and/or- disinfect in one step
- Clean -and/or- disinfect on the go
- Cleaner and disinfectant [in one] [product]
- [Cleans,] and disinfects [and deodorizes] [in one step]
- Cleans and [kills -or- eliminates -or- disinfects -or-destroys -or- removes -or- attacks -or- gets rid of] [99.9% of] bacteria -and/or- germs -and/or- viruses[‡][in][:] [**insert use site(s) in Tables A-F**]^[8]
- Cleans disinfects and deodorizes
- Cleans [disinfects] [deodorizes] [kills] [removes] germs
- Contains hydrogen peroxide
- Daily defense against [germs] [pathogens]
- Deodorizes by disinfecting
- Designed for healthcare
- Disinfecting formula
- Disinfection technology
- Disinfects cold viruses⁴ -and/or- flu viruses⁷
- Disinfects odor causing bacteria
- Easy [and] convenient disinfecting
- [Easy] enough for everyday use
- Easy on surfaces
- Easy to use around patient[s] [areas]
- Effective against Multidrug Resistant Organisms [MDROs]¹¹
- Effective against tough non-enveloped viruses[‡] of concern, such as Rhinovirus, Norovirus and Rotavirus
- Efficacy tests have demonstrated that this product is an effective bactericide -and/or- fungicide -and/or- virucide[‡] in the presence of [at least] organic soil (5% blood serum).
- For healthcare use
- For hospital use
- For [terminal]⁶ [discharge] cleaning
- Formulated with hydrogen peroxide
- Formulated with [patented] hydrogen peroxide technology
- Fungicide
- Germicidal disposable wipes
- Helps reduce cross contamination on hard, nonporous surfaces
- Hospital [cleaner] disinfectant [cleaner]
- Hydrogen peroxide works by oxidizing microorganisms for [complete] disinfection
- Just one step kills [99.9% of] bacteria
- Just wipe to clean and disinfect
- Kills 45 -or- **insert number smaller than 45** microorganisms -or- pathogens
- Kills 45 -or- **insert number smaller than 45** pathogens
- Kills and cleans
- Kills athlete's foot [fungus]
- Kills bacteria and viruses[‡],^[8]
- Kills cold & flu viruses¹¹ [in 60 sec[onds] or less]
- Kills -and/or- [eliminates] [disinfects] [destroys] [removes] [attacks] [gets rid of] [99.9% of] bacteria -and/or- germs -and/or- viruses[‡] on **insert use site(s) in Tables A-F**
- Kills mold
- Kills -and/or- [removes] [99.9%] of bacteria -and/or- germs -and/or- viruses[‡] from toys
- Meets OSHA Bloodborne Pathogen Standards
- Multi surface cleaner disinfectant
- One step cleaning and disinfecting
- [One-step] disinfectant cleaner
- Oxidizing agent to provide disinfection
- Prevents formulation errors
- Ready to use [cleaner] disinfectant [cleaner]
- Simply clean and disinfect in one step
- [**The product** [is -or- are]] the easy way to [touch-up] [clean] [and] disinfect
- Touch up cleaning and disinfecting
- Tuberculocidal
- Two in one, no sacrifice on cleaning and disinfecting
- Two in one, cleaning and disinfecting
- Use in places you are concerned about bacteria -and/or- viruses[‡] -and/or- germs
- Use -or- cleans and disinfects [on] healthcare surfaces
- Using AOAC approved test methods (under Good Laboratory Practices, [GLPs]), in the presence of 5% blood serum, this product -or- **product name** kills the following organisms on hard, nonporous inanimate surfaces: **insert organism(s) from organism list**
- Versatile [cleaner] disinfectant [cleaner]
- Virucide[‡] -or- Virucidal[‡]

Packaging Claims

Now[!] -and/or- New[!] -and/&/or- Improved[!] to be used as a claim descriptor only for the first 6 months of product on shelf

- 1.5 x -or- 2x -or- 2.5x -or- 3x -or- 4x -or- 5x stronger[###]
- 4 Refill Pouches for **insert number**-Count Canisters
- As easy as grabbing -or- dispensing [facial] tissues [from a box]
- [As easy as] [Just like] pulling a tissue
- Attach [‘em] [them] [wipes] where you need -or- use [‘em] [them] [most]
- Attachable [dispenser] -or- [Safely] attaches -or- can be attached [to] [tile] [glass] [mirrors] [windows] [finished wood] [cabinets] [metal surfaces] [metal appliances] [painted] [wallboard] [plasterboard] [drywall]
- Big size

Pandemic 2009 H1N1 Influenza A virus***

Claims:

- Respiratory illnesses attributable to Pandemic 2009 H1N1 are caused by influenza A virus. This product (***Product Name***) is a broad-spectrum hard surface disinfectant that has been shown to be effective against influenza A virus and is expected to inactivate all influenza A viruses including Pandemic 2009 H1N1 (formerly called swine flu).
- This product has demonstrated effectiveness against influenza A virus and is expected to inactivate all influenza A viruses including Pandemic 2009 H1N1 influenza A virus.
- This product has demonstrated effectiveness against influenza A virus and is expected to inactivate all influenza A viruses including Pandemic 2009 H1N1 (formerly called swine flu).
- Kills Pandemic 2009 H1N1 influenza A virus (formerly called swine flu).
- Kills Pandemic 2009 H1N1 influenza A virus.

****** per Agency guidance dated October 22, 2009 "Guidance for Testing and Labeling Claims against Pandemic 2009 H1N1 Influenza A Virus (formerly called Swine Flu)" www.epa.gov/oppad001/h1n1-guide.html***

- Kills [2009] H1N1 [Flu Virus]
- Kills Germs -and/or- Flu Viruses [including [2009] H1N1]
- Kills [99.9% of] Germs including [2009] H1N1 [Flu Virus]
- Effective against [2009] H1N1 [Flu Virus]

Emerging Viral Pathogen Claims

Allowable and subject to the terms described in Agency guidance dated August 19, 2016, "Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels."

Product Name -or- this product qualifies for emerging pathogen claims against:

- Enveloped viruses
- Large non-enveloped viruses
- Small non-enveloped viruses

Product Name -or- this product has demonstrated effectiveness against viruses similar to ***insert name of emerging virus*** on hard, nonporous surfaces. Therefore, ***product name*** -or- this product can be used against ***insert name of emerging virus*** when used in accordance with the directions for use against ***insert name of supporting virus(es)*** on hard, nonporous surfaces. Refer to the ***insert CDC -or- OIE*** website at ***insert pathogen-specific website address*** for additional information.

Insert name of illness/outbreak is caused by ***insert name of emerging virus***. ***Product name*** -or- this product kills similar viruses and therefore can be used against ***insert name of emerging virus*** when used in accordance with the directions for use against ***insert name of supporting virus(es)*** on hard, nonporous surfaces. Refer to the ***insert CDC -or- OIE*** website at ***insert pathogen-specific website address*** for additional information.

Funeral Homes	Mudrooms	Work Stations
Garages	Nurseries	Zoos
Garage Storage Areas	Office[s] [Buildings]	
Garbage [Cans] [Disposals]	Pet Animal Quarters	For surfaces that may come in contact with
[Garbage] [Waste] Storage Areas	Pet Areas	food, a potable water rinse is required.
Gas Stations	Pet Shops and Other Animal Care Facilities	
Germ prone [hard, nonporous] surfaces	Pharmacies	Do not use on glassware, utensils, or dishes.

Table 6 Hard, nonporous Surfaces

This product -or- ***product name*** is formulated to disinfect hard, nonporous, inanimate surfaces:

baked enamel surfaces	glazed ceramic tile	shower stalls
bathroom surfaces	glazed porcelain surfaces	stainless steel surfaces
bath tubs	laminated surfaces	vinyl surfaces
cabinets	metal surfaces	walls
chrome surfaces	plastic and painted surfaces	
floors	plastic surfaces	

For unfamiliar surfaces, test in a small, inconspicuous area first. [For use in the kitchen on counters, sinks, exterior surfaces of appliances, and stovetops. For surfaces that may come in contact with food, a potable water rinse is required.] [[In addition], this product ~~-or- ***product name***~~ deodorizes those areas that generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, basements, restrooms and other areas which are prone to odors caused by microorganisms.]

Table F Use Sites

This product -or- ***product name*** is designed specifically as a general [ready-to-use] [non-abrasive] cleaner and disinfectant for use in:

Animal Life Science Laboratories	Locker Rooms	Public Restrooms
Athlete/Recreational Facilities	Lodging Establishments	Retail Businesses
Food Processing Plants	Manufacturing Facilities	Schools
Food Service Establishments [Restaurants] [Commercial Kitchens]	Nursing Homes	Shower Rooms
Homes	Office Buildings	Transportation Terminals
Hospitals	Operating Rooms	Veterinary Clinics
ICU Areas	Patient Rooms	
	Pet Shops	

where housekeeping is of prime importance in controlling the hazard of cross contamination.

Table 7 Surface Materials

baked enamel	Marlite [®] λλλ	Not Recommended For Use On -or- Avoid Contact With:	
chrome	Naugahyde [®] λλλλ		
Formica [®] λλ	plastic [lamine]		
glass	Plexiglas [®] οοο		
glazed ceramic [tile]	porcelain enamel		
glazed porcelain	sealed fiberglass		
glazed porcelain enamel	stainless steel		
glazed tile	synthetic marble		
laminated surfaces	vinyl [tile]		
			aluminum
			brass
			carpet
			chipped enamel
			clothes
		copper	
		galvanized steel	
		painted wood	
		paper surfaces	
		porous painted surfaces	
		sealed granite	
		sealed marble	
		silver	
		unsealed [natural] granite	
		unsealed stone	
		unfinished wood	
		unsealed [natural] marble	

Footnotes

- [¹ ***This strain of *Klebsiella pneumoniae* has shown resistance to the following antibiotics:*** Ampicillin, Ampicillin/Sulbactam, Cefazolin, Cefepime, Ceftazidime, Ceftriaxone, Gentamicin, Piperacillin/Tazo, Trimethoprim/Sulfa]
- [² ***This strain of *Enterococcus faecium* has shown resistance to the following antibiotics:*** Ampicillin, Gentamicin, Penicillin]
